

FOR THE BEST INFORMATION OF THE PANAMA CANAL, GET THE CAPITAL'S BOOK INERT AS BARLEY AGAIN; DEMANDS SALUTE BE RETURNED GUN FOR GUN!

**BUT UNITED STATES
WILL ACCEPT ONLY
COMPLETE APOLOGY**

President Wilson and Cabinet will not accept the salute to the United States flag which the American ships will reply after the salute has been fired.

Washington, D.C., April 17.—Hurtis has parleyed again. He demands that his salute to the United States flag shall be returned simultaneously gun for gun.

This President Wilson is practically certain not to accept.

This latest hitch at the eleventh hour when officials here expected the situation was as good as closed up was disclosed in dispatches from Charge O'Shaughnessy.

President Wilson discussed it with the cabinet.

Administration officials said privately that Hurtis's counter proposition would not be accepted.

Officials here were ready to acknowledge that the salute to the United States flag had been finished with a return salute such as is prescribed in naval custom and precedent.

That would merely be acknowledging an amiable honoraria say, but to return Hurtis's salute gun for gun they pointed out would make the apology valueless.

Officials described Hurtis's latest move as an act to preserve his dignity before the Mexicans of that part of the country under his control.

While President Wilson said the cabinet will decide what shall be done, the opinion was expressed freely in official circles that nothing but a complete apology and such a salute as the United States demands would be accepted now.

While Secretary Bryan when he took the latest dispatch before the president said the situation was not finished, while house officials said the details remaining in dispute did not effect the heart of the matter, it is described that Hurtis's counter proposition for a simultaneous salute was regarded as another play for time which probably would not be countenanced.

All the latest dispatches were laid before the cabinet. Practically all the members of the official family were said to be agreed that there should be no further temporizing.

**SEEDING GENERAL IN
EDMONTON DISTRICT
EARLY NEXT WEEK**

Seeding will be general throughout the Edmonton district by the beginning of next week. J. D. Hunt, acting deputy attorney general, who is on a trip in the country yesterday stated that in the Nanango district the farmers are all busy seeding.

The fine weather is helping the farmers greatly and it is expected that the seed will get into the ground on the whole about four days ahead of last year. Farmers who did not finish their ploughing last fall are all busy on the land and many are digging and harrowing and putting in the seed.

**FOUR HUNDRED MEN
BLINDED BY SMOKE
JUMP FROM DEATH**

Minneapolis, Minn., April 17.—Four hundred men, blinded by smoke and trapped in the burning sawmill of the Northland Fire Company, second street and Thirty-second avenue north early today leaped from the windows and saved their lives, while D. J. Flannigan, Superintendent of the mill, risked his own life and fought back the flames with the emergency hose. Other men who stayed a moment too long to see that the machinery was shut down, had narrow escapes.

White House Wedding May 7.
Washington, D.C., April 17.—The president and Mrs. Wilson announced today that the wedding of their youngest daughter, Miss Eleanor Roosevelt, will take place on Thursday, May 7. The announcement from the White House, giving the date of the wedding also said: "In accordance with the wishes of Miss Wilson and Mr. McMillan, the wedding will be very simple. Only Vice-President and Mrs. Marshall, the cabinet and the immediate members of the two families are to be present."

PREACHER'S PLEA TOUCHES HEART OF HIS HEARER

As Result Man Gives Himself Up to Police for False Pretences.

SELF-ACCUSED IS GIVEN CHANCE TO GO STRAIGHT
Captain Pryde Tells Remarkable Story of Man Who Took His "Medicine"

"It is all very well for us to condemn those that are at the prison farm, but just think how many there are in this jail tonight who should be there. The difference is that those that are at the farm were caught, while some of you have not been caught." These words, spoken by Captain Pryde of the Salvation army last Sunday evening, stirred the conscience of at least one of his hearers.

On the Tuesday morning following this service a young man called on the captain, and after beating about the bush for some time told him a story of how he had obtained quite a large sum of money by means of false pretences and how after listening to him, he had come to the conclusion that he wanted to do what was right. After listening to the rather remarkable story the officer told him that if he wanted to start right once more the best thing was to give himself up to the police, and take his medicine like a man and at the same time promising to give him a helping hand. He then told the young man to go away and think it over and come back in four hours and let him know what he was going to do.

Man Turned Up.
Hardly expecting to see the man again Captain Pryde went to his house at the appointed time and sure enough the young man was waiting for him. He then asked him whether he had made up his mind that he was going to confess to the police, to which the young man answered in the affirmative.

At the appointed time and sure enough the young man was waiting for him. He then asked him whether he had made up his mind that he was going to confess to the police, to which the young man answered in the affirmative.

In the meantime the Salvation Army officer had spoken to the magistrate, and when the self-accused appeared in the police court, he was allowed out on suspended sentence. At the special request of Captain Pryde the name of the man has not been mentioned.

Present at P. M. Court.
One of the chief duties of Captain Pryde is to be present at the police court and to lend a helping hand to any man who has the need of one, and since starting this week he has already rescued two men from the court, one of them a young man who had made his first mistake and strayed into the police cells, and the other was a man rescued this morning, a man over seventy years of age, who had been arrested for drunkenness. Besides these two men there are three others who are staying at the "Metropole." Men who arrived in the city without a cent, of the prison farm. They were, naturally destitute and without money, and now they will be taken care of until such time as they secure work.

The place where they are staying is not a place where they can loaf around, but one where they have to work for what they get and in return they are given bed and meals and a chance to lead a better life.

The captain hopes to make this place self-supporting, the only support he has received so far was a grant of five hundred dollars from the city council and a donation of five dollars from a gentleman yesterday morning, and ninety cents from men who have paid for their beds.

STATED EDMONTON IS ON LONDON MARKET FOR LOAN OF \$1,844,000

London, April 17.—Edmonton city shortly will be in the market for £265,800, five per cent, sterling bonds at 88, redeemable in 1952. Edmonton's last issue here in September last, completed £260,000 five per cent, at 96 and 50 per cent, was left to the underwriters.

Mayor McNamara speaking to the capital this afternoon regarding the dispatch, stated that the city is not on a bond on the market as yet and would not have any until July. As yet Edmonton could not legally dispose of its bonds and would not be able to do so until after the war.

In his opinion the issue referred to is that sold to Lloyd's some time ago. He states the probability is that that firm is now disposing of them to capitalists in London.

INSANE WABAMUM HOMESTEADER STILL ELUDES THE POLICE

No word has been received by the mounted police regarding the four constables who are accompanied by the Indian trackers, who are trying to locate and arrest Donald Marsh, the insane man who is thought to have stolen the mules from Dan Brox and then burned the barn in which a dozen horses perished to hide his tracks. Superintendent Wroughton stated this morning that no word whatever had been received either by him or the authorities at Wabamum village, and he is of the opinion that the constables are on the track of the man and following it right up.

LIBERAL MEETINGS ARRANGED BY SOUTH SIDE ASSOCIATION

Liberal meetings have been arranged by the South Side Liberal association to be held as follows:

Monday, April 20, Highland Park school.

Monday, April 22, Queen Alexandra school.

Monday, April 27, Wye Road mission school.

Thursday, April 30, King Edward school.

Monday, May 4, Gallagher's Place.

Thursday, May 7, Southeast ward.

Monday, May 11, Walters' Place.

Thursday, May 14, Liberal club.

A number of cabinet ministers and other prominent Liberals have promised to take part in these meetings.

LICENSE BRANCH SEIZES "CIDER" AT LAC LA BICHE

A large quantity of liquor has been seized by the liquor license branch from the Lac La Biche district. The liquor was supposed to be non-intoxicating beer and cider, but the department officers had reason to suspect that it contained more than the amount of alcohol which is allowed by the regulations. An analysis is being made by Dr. Revell, provincial analyst.

Subscribe \$2500 to Fund.
Toronto, April 17.—J. J. Gibbons and company of this city have received the following cable from John Richardson and company, the well-known old country liquor distillers:

"We are greatly distressed by the Newfoundland sealing disaster and have donated \$500 to relief fund started by the governor and premier of Newfoundland, now in London."

POINTS OUT CITY LOSING A CHANCE SELDOM OCCURS

Eastern Packing Houses Looking to Alberta for Their Stock.

PROVINCE GROWING BETTER HOGS THAN EAST
Publicity Commissioner Urges Officials to Take Immediate Action.

Edmonton's greatest need at the present time is a union stock yards, according to Charles S. Hutchings, chief publicity commissioner for Alberta. Calgary has a stock yard and Lethbridge has just started to work on one, while Edmonton, with perhaps the finest opportunity in the whole province, has made no move up to the present time.

"Something will have to be done shortly," declares Mr. Hutchings, "or Edmonton will see Calgary and Saskatoon taking the cattle from under her very nose."

Mr. Hutchings declares that many of the big eastern packing houses are now looking to Alberta for their stock. "They just have to," he says, "because we have the cattle that they require, and they are getting scared that unless they get branches opened up here that the packing houses across the line will take all the Alberta produce except what goes to the local butchers."

Alberta Leads in Hogs.
Eastern packers have been buying Alberta cattle and sheep for some time but this week 15 carloads of hogs were shipped east from Lethbridge. In the matter of hog raising the east thought that Alberta could not compete with them because of the corn that they have there, whereas Alberta is growing better hogs on oats and barley than they can grow on corn in the east. Alberta is proving to be the best country for hog raising as for all other kinds of live stock.

From the little town of Irma, in the G.T.P. zone, less than 125,000 pounds of hogs were shipped last week. The C.P.R. is now shipping more hogs in a month than they did in a year, two or three years ago. Figures show that Alberta live stock men have been quick to take advantage of the reduction of the duty on live stock exported to the United States.

Properly Retarded.
"The way that live stock exports have gone up by leaps and bounds since the tariff was reduced shows that Alberta is looking for markets. Anything which helps the buyer and seller to get together will help the mixed farming industry of Alberta. The other day a man asked me where he could buy a car load of hogs and I could not tell him. He wanted central stock markets where all kinds of stock, not only finished cattle, but stockers, cows and horses can be bought and where both buyer and seller can meet and expect to find what they want. The live stock industry of the province is not going to prosper as it should while men are not to get all over the province on the chance of picking up what they want. That way is too expensive and takes too much time."

More Than Golf Links.
If Edmonton established a union stock yards here the big Toronto, Hamilton and Montreal houses would establish their commission houses here and Alberta farmers would have no difficulty in disposing of their produce. Edmonton has got to wake up if it wants this business, which will do more for the city than any other industry she can get.

It is rather surprising that the provision of a stock yard uncontrolled by private corporations where everyone has an equal footing has not been considered more important than golf links and many other things upon which large amounts of money have been expended.

Ice Breaking Up.
Port Arthur, Ont., April 17.—Ice in Thunder bay is daily becoming more broken up, but the opening of navigation still depends entirely upon the Boer river.

GRANDDAUGHTER OF WAR GOVERNOR IN ROMANCE

Mrs. Inez Sprague Stines

Newport, April 17.—Members of the winter society colony here expressed surprise at the announcement that Mrs. Inez Sprague Stines, the beautiful and vivacious grand-daughter of Lord Dunsany, who was married to Henry M. Stines, a son of a former chief justice of Rhode Island, the heroine of several romances, is engaged to marry Harold O'Rourke, a tall and handsome man who has plenty of money and belongs to her home in Providence, a divorcee following. A report of her engagement father objects to the marriage because the ex-governor wanted the next husband of his grand-daughter to be an American. The Baron's relative frowned on it because Mrs. Stines has not more money than her fiancé. A few years ago on the eve of the day set for her wedding to Harold Wigney, a young Philadelphian, Mrs. Stines then fled with Henry M. Stines, a son of a former chief justice of Rhode Island, one of her grand-father's political enemies. The marriage proved unhappy and within three years the young wife ran away to Paris from her home in Providence, a divorcee following. A report of her engagement father objects to the marriage because the ex-governor wanted the next husband of his grand-daughter to be an American. The Baron's relative frowned on it because Mrs. Stines has

MRS. MURPHY MAKES PLEA FOR SANATORIUM FIGHT TUBERCULOSIS

As Vice-President of the Board of Control of the Alberta Association She Reports on the Work Accomplished and Gives a Statement of Plans for the Immediate Future.

To the Editor of the Capital:—

From time to time the members of the Alberta Association for the Prevention of Tuberculosis are being asked what steps they are taking towards the cure of the disease or if they are taking any? As vice-president of the board of control I have been requested to give to you, and the public generally, a brief report of the work accomplished and a statement of our plans for the immediate future.

Several meetings have been held at Calgary where the association was first organized, under the presidency of Mr. John A. McDougall of Edmonton. The government having indicated its willingness to give \$25,000 to be given in order that he may speak in our town Mitford and Radnor for the erection of a sanatorium, a board of control was elected to make the necessary arrangements and to obtain letters of incorporation for the institution. The president of this board is Mr. William J. Giesse of Calgary.

The city of Calgary and the city of Lethbridge have contributed a sum amounting to over \$4,000 for a sanatorium fund and for the purpose of securing suitable plans for the building. The success of this fund in a large measure is due to the untiring efforts of Mrs. Harold Riley of Calgary. As yet Edmonton or the other cities, have contributed nothing.

ASSASSIN WOULD END THE LIFE OF MAYOR MITCHELL

BUT CORPORATION COUNSEL IS MAN WHO GETS SHOT

Nearly All of Teeth of Frank Polk Are Knocked Out by the Bullet.

POLICE COMMISSIONER ALSO IS NEAR-VICTIM

Aged Assailant Was About to Fire Again When Seized by the Chauffeur.

New York, April 17.—An assassin's bullet aimed at Mayor Mitchell as he was leaving the city hall in an automobile today for lunch missed its mark, but wounded Frank Polk, corporation counsel. The man who fired the shot was overpowered. His name is David Rose, his age nearly 70, and he gave evidence of being mentally unbalanced.

Mr. Polk was seriously injured. Nearly all of his teeth were knocked out. The bullet narrowly missed Arthur Woods, the new police commissioner. The mayor, Mr. Polk and Mr. Woods were entering an automobile when the old man edged his way through the crowd and fired.

The would-be assassin was seized by a policeman and taken to the police station in the basement of the city hall. He was habitedly dressed. Mayor Mitchell himself questioned the man, but he would say nothing concerning the shooting, mumbling:

"I have nothing to say."

Search of his person disclosed two letters addressed to the mayor.

The wounded corporation counsel was taken inside the city hall, but physicians hurriedly were summoned. He was bleeding profusely, but did not lose consciousness.

The mayor ordered Mr. Polk into the building, and an ambulance was summoned.

Only the quick work of Detective George Neun, acting as chauffeur for the mayor's automobile, saved the man from arrest from firing a second shot. Neun overpowered him and took from him a 38 calibre revolver.

FINAL ARRANGEMENTS ARE MADE FOR BOARD OF TRADE BANQUET

Final arrangements have been made for the board of trade banquet at the Empress hotel, tonight, at 7 o'clock. Some of the most prominent men of the west will be present and will be Alexander McDonald of Winnipeg, M. H. McLeod, general manager of the C.P.R., D. C. Coulter, president of the Canadian Pacific railway and H. T. Riley, prominent financial man of Winnipeg.

His honor the lieutenant-governor will also be present and Hon. Frank Oliver and John A. McDougall, two charter members of the board will respond to a toast of the evening.

It is expected that about 700 will be present and the affair promises to be of a very high class order. The Empress hotel management have given their assurance that the meal and service will be of the best possible and everything points to a most successful affair in celebration of the 25th anniversary of the incorporation of the organization.

SAYS FINANCIERS FAITH IN CANADA REMAINS UNSHAKEN

L. D. H. McMillan, recently returned from Europe, is a visitor in the city today and when interviewed regarding financial conditions in Britain said that at the present time England is particularly prosperous and that Canadian need have no fear of the sale of bonds in the old country this year.

"British capitalists," said Mr. McMillan, "are of the opinion that Canada should go more slowly, but their faith in the country is unshaken." He said that the markets in London are open to take genuinely good Canadian securities, but nothing of a speculative nature was to be obtained, and says that during the early part of last year that Edmonton and Alberta bonds were among the most talked of investments on the English market. Mr. McMillan also states that the recent trouble in the old country over house rents has made the investors cautious.

HUDDERSFIELD THE OPPORTUNITY FOR THE BULLETIN FRANCHISE
"Sir J. W. Ramsden is dead at Huddersfield, England. He owned all of the city of Huddersfield except one house and plot. He often tried to buy that, but in vain. On one occasion he offered to cover the site with sovereigns as a purchase price, but the Quaker owner demanded that the sovereigns should be placed edgewise, and then negotiations were broken off."

This item of news the strange creatures who edit the Bulletin recognize as of sufficient importance to set in black face and give a top-of-column, front-page position in that weird publication.

Quite possibly the Bulletin is merely intending to pursue its usual course by handing its news in such a way that it will lend support to its editorial, and recognizes in this item an illustration of the logical climax toward which the Bulletin's theories on the franchise certainly lead.

The Bulletin's theory of the franchise is that there is some inherent psychological influence exerted by the possession of lots which fits the owner out of the class of dangerous and unstable persons and endows him with superior judgment and a higher standard of civic morality and responsibility. Therefore, only lot owners should be entrusted with the vote.

Applying the Bulletin's theory to Huddersfield, the voters' list in that municipality, previous to the death of Ramsden, would have contained two names, the name of Sir J. W. Ramsden, who owned all the lots but one, and the Quaker who owned the one. Being the only persons who owned lots, these two would constitute the better element in the community. As the two burgesses, and therefore the only persons eligible for office, Ramsden and the Quaker would have to elect themselves to the council. But if they refused to endorse the other's nomination papers there could be no election and civic government would come to a standstill. It, on the other hand, each voted for himself and the other, the vote would be unanimous.

When it came to money bylaws, however, Ramsden, being the property-owner with the larger stake in the community, would be entitled to four votes, his judgment, presumably, being increased by the fact that he held more land. The Quaker, being merely the owner of his home, and having no rental or speculative interest, could not be depended upon to exert more than one-quarter the judgment exercised by Ramsden. His voting power would be one vote on money bylaws. The people whose wealth was in stores, factories, etc., being debared from owning land because Ramsden owned it all—save the Quaker's one—could not be expected to exercise the judgment which springs from the possession of a lot and would not be allowed to vote at all. And as for those who came to Huddersfield looking for work, they, of course, would constitute the undesirable element whom the police would at once run out of town. Should they suggest that they be given employment and allowed to remain, that would at once mark them as dangerous agitators, and the duty of the police would be to club them into insensibility before they gave too wide expression to any such incendiary views.

By this very nicely-balanced arrangement—the arrangement we have in Edmonton, although it has not yet had time to work out completely—the credit of the city would be thoroughly protected. If any attempt were made by a council, half Quaker, to raise by bylaw a sufficient working capital to carry on the business of the municipality of Huddersfield, the leading property owner could call a mass meeting, consisting of himself, and, reviewing the circumstances and recognizing that to place money in hands where any Quaker with fool notions about Brotherly Love had half the say would be extremely dangerous, the leading property-owner would naturally resolve that any such bylaw should be defeated; and thereupon, it would be defeated. Result, four to one.

If, however, by bringing to bear that judgment which the ownership of many lots implied, Ramsden came to realize that a street railway extension to one of his outlying sub-divisions would be a very desirable thing, he would, in his capacity as alderman, be in the position to bring it properly before the council, submit a bylaw for the amount and, by exercising to the full extent his voting power as a burgess, could carry it by four to one. Of course, by coupling up in the voting some proposal which the Quaker was in favor of, say a water project of some kind, Ramsden might silence any possible opposition. But in Huddersfield, with its adequately protected voting power, this would be unnecessary.

The extension thus provided might operate a long time at a loss, but those having a stake in the community would be adequately protected by the fact that tenants would have to make good the loss out of fares collected on other parts of the line where the cars were crowded.

On the whole, Huddersfield should appeal to the Bulletin as the ideal opportunity for getting the affairs of one city on a thoroughly sound basis, and has to be the first to take advantage of the situation prior to Ramsden's untimely death if it might have found at least one man willing to subscribe to its theories of municipal government and franchise.

The Quaker, of course, is still there; but there might be some doubts in the Quaker's mind about the soundness of the Bulletin's logic. He might, for instance, subscribe to the main notion that property should be the qualification for voters, but have some absurd theories contemplating the abolition of the plural voting privilege. Such ideas would brand him as an anarchist.

THE GREAT PROMISE OF THE MOUNTAIN COUNTRY.

With regard to the constantly-expanding domain of Edmonton's trade area, it is interesting to note that in the mountain district to the west there is going forward a development which promises to come up to the brightest expectations of the optimists who have looked that way for a large part of Edmonton's business in the future.

In this connection it is interesting to call to mind that when the construction of the Grand Trunk Pacific was commenced from the Manitoba capital westward there was, with the single exception of Saskatoon, no centre, one of the score or more flourishing towns now on the map except as hamlets or on paper. What has happened in that stretch of country in the past ten years is little short of a transformation scene.

Looking to the west, Edmonton has occasion to expect even more rapid development. The mountain country served by the Grand Trunk Pacific is in no respect similar to the "bridged" by the transcontinentals to the south. Along the G. T. P. there are immense farming and ranching areas, enormous timber resources, gold gravels which offer a constant invitation to the hydraulic miner and unknown, but undoubtedly rich, mineral resources. The possibilities are tremendous.

THE DRUMMER IN PURSUIT OF THE ELUSIVE ORDER.

A British commissioner is to be sent to Canada by British manufacturers with a view to studying the possibilities for trade in this dimension.

Without leaving London, there is one thing which the British manufacturer might learn by reading the advertising columns of any Canadian paper, which is that the United States manufacturer who wants the business invites the country with his product to get it. There are United States hardware concerns, United States automobile makers, United States machinery companies, and dozens of other United States institutions all having branches in this city, carrying stocks and keeping their drummers constantly on the road.

Come to Edmonton, if you did, you might meet a Manchester or Birmingham drummer driving across country in pursuit of an order?

TODAY'S BIRTHDAY PARTY
Mackay, Telegraph and Cable Magistrate, 40 Years Old Today.
Clarence Hangerford Mackay, the telegraph and cable magistrate whose domestic difficulties recently ended in a Paris divorce court, was born in San Francisco 40 years ago today. The president of the Postal Telegraph company, the Commercial Cable company and other giant corporations is the son of the late John W. Mackay, a native of Dublin, who was attracted to America by the reports of fabulous finds in the California gold fields. After working for some time as a miner in the Golden State, the elder Mackay went to Nevada, where he was one of the discoverers of the rich Bonanza mines. Two years after this memorable find, which put the Mackays on the street called Easy, a son was born to inherit the new family fortune. John W. Mackay sought investment for some of his wealth by joining James Gordon Bonham, owner of the New York Herald, in a company which held two Atlantic cables. He died in 1902, and since then the estate he established has prospered greatly under the management of Clarence H. Mackay. Mrs. Mackay was Katherine King, before she married the telegraph magistrate, with whom she had become acquainted on an Atlantic cable ship. She is an old Knickerbocker family, and is a woman of culture and literary tastes, the author of "The Story of Destiny" and other books. Last year the wife of Dr. Joseph A. Blake, a leading New York surgeon, brought a million-dollar damage action against Mrs. Mackay, alleging alienation of the doctor's affections, but later this suit was dropped. About two months ago Mr. and Mrs. Mackay received a mutual divorce in Paris. Mr. Mackay's country estate, Harbor Hill in Long Island, is one of the finest in America, and is valued at \$6,000,000.

TODAY WE CELEBRATE
Initiative and Referendum Law Disappoints Its Supporters.
Seven years ago today William Jennings Bryan declared in favor of the initiative and referendum, and those measures for the extension of popular government, which in the United States had been considered as socialist and "populist" doctrine, began to receive attention. As a result of this popular agitation, more than a third of the states of the Union now have the initiative and referendum as a method of supplementing legislation through the legislatures.

Long before Mr. Bryan gave an impetus to the movement, the initiative and referendum had been enacted into law in several western states. In Nebraska a law for voting legislative power in the people was passed in 1897, and the following year South Dakota established initiative and referendum in both state and municipal affairs. In 1900 the voters of Utah adopted a constitutional amendment for the same purpose, and the people of Oregon, after a campaign of ten years, adopted the measure in 1902. Since then the many other states, mostly in the west, have followed the example of the pioneers. The movement in its inception was not a partisan, as the socialists and populists were the only parties which officially lashed the movement. Despite the apparent great progress of the initiative and referendum, many of the leaders in the movement are disappointed with the results, and as yet in many states laws are so defective that they are almost worthless. "One half of the state-wide amendments now in force are either of little value or are worse than nothing," recently declared Theodore King, secretary of the National Popular Government League. In a large majority of the states which have adopted the initiative form of government the initiative, referendum and recall provisions are so given to the people no actual control over the commissioners or their enactments.

An editorial in Pearson's Magazine for April describes the initiative and referendum laws of Nebraska, Idaho and Utah as "fakes," while the laws of South Dakota, Nevada, Montana, Oklahoma, Idaho and Washington are said to be "quackery" and the Ohio law was "only fair." The writer continues: "In Missouri the initiative and referendum law is in process of being crippled by legislative jokers. In Texas an attempt is being made to hamstring the law. In Minnesota certain gentlemen are endeavoring to do likewise. In Iowa the same story. In North Dakota the legislature has allowed a poor 'I. & R.' amendment to go to the people for adoption or rejection." Giving the people the power to initiate legislation, and, through the referendum, the power to ratify or reject laws, is far from being new in principle. Such methods were in vogue in the assemblies of the ancient Greeks and Romans. The French National Convention in 1792 passed a provision for a method of direct legislation by the people. In some cantons of Switzerland a legislative system resembling the referendum has been practiced since the sixteenth century. About forty years ago the Swiss people applied the referendum not only to the enactments of the separate cantons, but also to the federal enactments. The federal constitution all amendments must be ratified by the electorate, and other measures must be submitted to the popular vote if demanded within ninety days after their publication by 30,000 voters, or by the government of eight cantons.

HERE AND THERE.
Hon. Champ Clark is 64 years old. Ridgeland, S. C. will equip with electric street lights.
Lincoln, Neb., municipal light plant plans cut in rates.
Hartford, Conn., is experimenting with nitrogen street lamps.
Tulsa will put red top on street lights at downward intersections.
Stratford, Wis., with only 600 inhabitants, is to have a sewer system.
Black diamonds come from the province of Bahia in Brazil, and the finest specimen ever uncovered sold for \$20,000.
Cherryville, N. C., now owns its electric light plant.
Dr. Charles Henry Parkhurst, vicar-general and one of the best known of American clergymen, was lately 74 years ago today on a little farm at Framingham, Mass. When his parents left the farm and settled in New York, he went to work in a dry goods store at three dollars per week. Business was not suited to his tastes, and, with the aid of a brother, he went to America to fit himself for the ministry. Later he earned as a teacher the money that enabled him to continue his theological studies at Halle and Leipzig. He was ordained to the Presbyterian ministry in 1872. Two years later he became pastor of a fashionable church in New York, and in 1880 was called to New York, where he became famous as the voice of vice and crime.

IF KIDNEYS FEEL LIKE LEAD OR YOUR BACK HURTS, TAKE SALTS
We eat too much meat, which clogs kidneys, and they need a flushing occasionally.
No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain out part of the waste and poison from the blood, then you get sick. Nearly all rheumatism, headache, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.
Kidneys are the filter of the blood in the urine or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scaling, get about four ounces of Jad Salts from any reliable pharmacist and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then be free. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the irritating uric acid. This ending bladder disorders.
Jad Salts is inexpensive and cannot harm you. It is a delicate effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

TODAY IN DOMINION HISTORY.
The great shaft on Queenston Heights which commemorates the memorable victor of 1812 is not the first monument erected to the heroes of that conflict. Seventy-four years ago today, April 17, 1840, the people of that section were aroused by the act of a vandal, Benjamin Lott, who exploded gunpowder under the first Queenston Heights monument, so damaging it that it had to be raised. Major Gen. Sir Isaac Brock and his brave aide-de-camp, the youthful Lieut.-Col. John McDonnell, Attorney General of Upper Canada, were slain in the battle of Queenston Heights—a terrible price to pay for victory. Brock's last request, as he lay dying with a ball in his breast, was that his death should be concealed from the soldiers until the battle was over. Sir Isaac and his gallant aide, McDonnell, were first buried at Fort George. Twelve years later a monument was raised on Queenston Heights, the provincial legislature having appropriated a fund for that purpose, and exactly 22 years after the death of Brock and McDonnell were reinterred in the sepulchre beneath the memorial. A vast procession followed the bodies of the heroes to what was intended as their last resting place. The insane act of Benjamin Lott, who thought to revenge himself upon the government for fancied wrongs by destroying the monument, necessitated a temporary removal of the bodies, and for a time they rested in a Queenston cemetery. A popular subscription was raised to pay for new and more permanent resting places for the heroes. In 1853 the towering shaft was ready for their reception, and another funeral cortege followed the mortal remains of the long dead heroes to their fourth and final place of rest.

FIRST THINGS
Southeast Newspapers.
The first newspaper published in the colony of Georgia was the Georgia Gazette, established in Savannah 111 years ago, today. James Johnston, a Scotchman by birth, was the publisher and he continued to issue the paper for over a quarter of a century. The Gazette was the only paper in Georgia prior to the revolution. Southern Journalism is believed to be born in 1777, when William Parks founded the Maryland Gazette at Annapolis. The South Carolina Gazette followed in 1781, with Charleston as its base. The Virginia Whitehall was its publisher. Both publisher and paper died within a year. But the publication was revived in 1781 by Lewis Timothy. The Virginia Gazette was certainly a popular paper in its day. It was published by William Parks, who had fathered the Maryland Gazette. Parks died in 1789, but the paper was continued by others, and in 1746 the Maryland Gazette, Parks' first venture, was revived. The North Carolina Gazette was founded at Newbern in 1755, and a few years later the "Edenton General Gazette" appeared at Charleston, S.C., to be followed by the Gazette and Country Journal, a rival paper.

Drowned From Canal. Orillia, Ont., April 17.—Porter Shaw, Montreal, an employee of the Canadian Pacific railway, was drowned in the Severn river Wednesday night, near Aracoon. Porter's comrades found his mutilated body in the partially wrecked shanty, one arm torn off, as well as the other hand, the face and the body are being made.
Killed By Dynamite. Amherst, N. Z., April 17.—Dynamite as he was thawing out beside a blow up in James Porter's face at the mouth of the New Black diamond pit, near Aracoon. Porter's comrades found his mutilated body in the partially wrecked shanty, one arm torn off, as well as the other hand, the face and the body are being made.
Governor General's Guests. Washington, April 17.—Sir Cecil Spring-Rice and Lady Spring-Rice, who arrived in Ottawa April 27 for Ottawa, to be the guests of the governor-general of the Dominion.
Barraged, Africa. April 17.—A severe engagement was recently fought between the Italian forces and two thousand rebels near Gedebah. The Italians routed the enemy after hard fighting, killing 154 of them, and wounding many. The Italian loss was slight.

Those Specially Priced Queen Quality Boots, Pumps and Oxfords Going Fast, But Assortment Still Good

They are the same styles and the same leathers as we have in regular stock at \$5.00 and \$6.00. But as we got them at a small price, we of course sell them the same way. Where so many millions of pairs are made as in the Queen Quality factory, many odd lots are left over—perhaps a hundred pairs here and a hundred pairs there, but altogether making a large quantity. That's how these accumulated. They were closed out to us so that we are enabled to give you these stylish \$5 and \$6 grades of boots, Oxfords, pumps and pumps at **\$2.95**

Continuing the Sale of Men's Boots at \$3.45

They are smart fashionable boots and are good \$5.00 and \$5.50 qualities. Button and lace boots built on stylish lasts—all have Goodyear welted soles and every pair guaranteed. Choice of tan calf, vici kid, gummat and patent leathers—Saturday, the **\$3.45**

Ties you'd concede to be good values at 50c, 75c and \$1.00 will be here on Saturday at **25c**

TURNER SUGGESTS ABOLITION OFFICE OF COMMISSIONER

Asks School Board to Make
Him Architect at \$4,500
Yearly.

CHIEF CARETAKER MAY SHORTLY BE APPOINTED

Necessity for Proper Care of
Children's Teeth Impressed
by Dentists.

A suggestion was made last night by Building Commissioner Turner to the school board, that his office be abolished. He intimated that it would be his desire to open up an architect's office of his own and further suggested that he be appointed architect for building commissioner for the school board at a salary of \$4,500 a year, to prepare all plans and specifications required by the board and to supervise the erection of all buildings up to an expenditure of \$50,000. In any one year, the fees on building in excess of this sum to be arranged. In support of this proposal Mr. Turner stated that this plan had been successfully tried in a number of Canadian and American cities and further, calculating by the expenditure of last year the abolition of his department would mean at least a saving of \$2,500 per year for the board. A motion was carried to refer this matter to the building and grounds committee. An important matter was brought up by Trustee Parney, who thought that it would be a good move to appoint a chief caretaker. The qualifications necessary for this position would be a knowledge of engineering, steam-fitting and ventilation. The officer would have to be responsible for the delivery of supplies, the consumption of fuel, minor repairs to heating, lighting and ventilating plants and inspections of new installations. This matter was supported by Chairman Ramsey and Secretary Brady. After some further discussion the matter was left over for consideration in committee.

Upon recommendation of the building and grounds committee, it was decided to hold a joint meeting of the school management committee and the building and grounds committee to further discuss the matter of the proposed new Highland school.

One of the teeth was under question last night and a proposal was received from the Edmonton Dental association for the exhibition of a moving picture film the Empress theater for the benefit of the school children. This was referred to the school management committee. A motion requesting the hospital board to furnish the school board with a room in the Royal Alexandra hospital for dental clinic was carried.

DOAN'S KIDNEY PILLS

Are The Original Pill For The Cure Of Backache, Lame Back, Weak Back Or Any Other Kidney Trouble.

The fact that Doan's Kidney Pills have prevented the placing of other preparations in pill form upon the market, is the name Kidney Pills. It is necessary, therefore, that all wishing to secure the genuine effects which have made Doan's Kidney Pills so popular everywhere, should see that the trade mark, the Maple Leaf, appears on the wrapper. Without this trade mark you are not getting the genuine Kidney Pills as originally placed before the public by Mr. James Doan, as shown by the following declaration:

DECLARATION OF CANADA, PROVINCE OF ONTARIO, TO WIT:

In the matter of Doan's Kidney Pills, I, James Doan, of Kingsville, in the County of Essex, do solemnly declare that Doan's Kidney Pills were first manufactured and sold by me on the 15th day of February, A.D. 1885, and I make this solemn declaration conscientiously believing the same to be true, and knowing it to be of the same force and effect as if made under oath and by virtue of "The Canada Evidence Act, 1892."

Declared before me at Kingsville, in the County of Essex, this 27th day of July, A.D. 1896.

W. A. Smith, A Commissioner, etc. Price, 50c a box, or 3 for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

HERE'S GOOD NEWS FOR DYSPEPTICS

We have good news for every person in this town who has any form of stomach trouble. It is about a remedy for indigestion and dyspepsia that we have so much faith in as to offer it to you with our personal guarantee that if it does not relieve you and satisfy you in every way, we will refund the money you paid for it without question or argument of any kind. You risk nothing, either Rexall Dyspepsia Tablets will relieve your stomach ailments or the money you paid for them will be handed back to you. There is no red tape about our guarantee. It means just what it says. Your word is enough. If Rexall Dyspepsia Tablets don't satisfy you, the money is yours and we want you to have it. Rexall Dyspepsia Tablets soothe the inflamed stomach, check heartburn and distress, stimulate a healthy secretion of gastric juice, aid in rapid and comfortable digestion of the food, and help to quickly restore the stomach to a comfortable, healthy-acting, healthy state. They also aid greatly in promoting regular bowel action. Rexall Dyspepsia Tablets are sold only at the 7,000 Rexall Stores, and in this town only by us. Three sizes, 50c, 80c and \$1.00. A. "MARY JANE'S PA" IS LYCEUM OFFERING FOR NEXT WEEK

"Mary Jane's Pa," the greatest play of the gifted Edith Ellis comes to the Lyceum theater next week as the offering of the Lyceum Players. This play has never before been seen in Edmonton and is certain to attract attention for its originality and the many amusing situations it contains. It deals with the trials and tribulations of a woman with two children who is suddenly left to run a small village newspaper; her husband having deserted her. Years later her husband returns from his wanderings and is given a position as man servant in his own household. The story is appealing from start to finish and is admirably adapted to the talents of the excellent Lyceum company.

EXCITING CHASE IS DEPICTED ON EMPIRESS SCREEN

A three-reel special attraction making one of the most remarkable photographs and grandiose comedies, is the story of a pair of criminals from New York through England, France and Italy, known as "The Empire Screen." The story is a thrilling one, and the film is a masterpiece of the art. It is a story of a man who is accused of a crime and is pursued by a woman who is determined to clear his name. The film is a masterpiece of the art and is a must-see for all who are interested in the cinema.

When his daughter, the Princess Anissa, died, Ramones, the Egyptian Pharaoh, placed a necklace about her neck and swore that whoever took it there should never rest in peace until it was returned.

Some thousands of years later, Ramones' mummy was unpacked in the New York Art Museum and the necklace was discovered. The news of the discovery of the priceless relic reached the ears of a band of thieves and "Diamond Mary" was despatched to steal the necklace.

She was successful in her mission, but the tremendous sensation caused by the theft made it absolutely impossible to dispose of the jewels in America. Accordingly, Mary sailed for England, where she was joined by "English Jim," an accomplished criminal. Detective Imbert was recruited by the police to conduct the search for the missing relic.

Imbert followed Mary to England, and had her arrested, but to his surprise she had given the necklace to her confederate. The pair escaped to Paris, and there Imbert and "English Jim" arrested with equally futile results. Then he followed them to Venice, where they encountered him after an exciting chase in gondolas. Then to Rome, where "English Jim" paid the penalty of his ill-gotten life by falling from a roof in an attempt to escape the relentless sleuth.

How Imbert gave up the chase in Naples and how he finally recovered the gems in New York, there is no space to tell. Nor is there room to describe the wonderful historic settings in which so many of the scenes are laid. We can only mention Notre Dame in Paris, the Grand Canal, the Campanile and the Doge's Palace in Venice, the Forum, the Colosseum, and St. Peter's.

Mr. Marc Macdermont and Miriam Nesbitt, two of the star motion picture players, are cast in the leading roles. The picture will be exhibited both today and tomorrow.

VAUDEVILLE ACT IS NEW DEPARTURE AT THE DREAMLAND

The management of the Dreamland has booked some of the finest "entertainers" which come over the Sullivan-Cosulich circuit. The first of these to arrive is Harry MacIntyre. He is at the Dreamland today and tomorrow, under the title of "The Talkative Tricky Trickster." He comes with a recommendation which might be enlarged by saying that he is a traveling actor before almost every English town, which comprises an old piece of art before on various occasions, goes to show he is an artist in his own time. He performs the most startling card tricks which have ever been performed on any stage, invoked by his patter, which makes his act very acceptable, also introducing "Chapeau," the title given to the "patter," which comprises an old piece of art by the aid of which he impresses with lightning rapidity both male and female characters, with the face in expression relative to the character impersonated. A fine program of pictures will be shown as usual.

Ultimatum.

OTTAWA, April 17.—The budget debate continued to occupy the attention of the limited number of members of the common who have returned to the capital after the Easter holiday. Several speeches were made, the longest being two and a half hour effort by Dr. Edwards, conservative member for Frontenac. He produced a mass of statistics to prove that the Canadian farmer cannot expect to find a permanent market for his produce in the United States and that he would be swamped if there was free trade in food stuffs between the two countries. Dr. Edwards thought the farmers of Canada were entitled to more protection and asked that the duty on meats be increased. He also thought that butter and eggs could be given more protection to the advantage of the farmer.

Advocates Free Wheat.

A. McCoig, liberal for North Essex, on the other hand, advocated free wheat and other agricultural implements. He thanked the minister of finance for having put part of ditching machinery on the free list. Mr. McCoig said that if the farmers of the west were not given free wheat they would be forced to look for mixed farming and become dangerous competitors of the farmers of eastern Canada.

A. A. Armstrong, member for North York, could not understand why people remain in the west if conditions are as bad as stated by liberal speakers. He declared himself as being in accord with the policy announced by the minister of finance. It meant permanency of conditions in Canada.

Not National Policy. J. D. Devlin, of Wright, said that the government was not giving way to the demands of the manufacturers whenever they are made, while the requests of farmers, the laboring classes and the consumers generally are ignored. The policy of the government he said, was not the national policy, as intended by its fathers, Sir John Macdonald, but the policy of the manufacturers of the present time.

J. H. Barnham declared against free wheat and expressed the hope that the request of the C.N.R. for assistance would not be acceded to by the government.

The Weather

Some heavy rainfalls have occurred in southern Manitoba. In Saskatchewan and Alberta it has been mostly fine and in each of the prairie provinces the mild conditions have prevailed. Forecast—Manitoba, showery today. Saturday westerly winds, fair and mild. Saskatchewan and Alberta, fair and mild.

SUFFRAGETTE BOMB CAUSES DESTRUCTION OF \$100,000 THEATER

Great Yarmouth, Eng., April 17.—The theater on the great recreation pier here was destroyed today by a fire caused by the explosion of a bomb left under the seat of a militant suffragette.

At four o'clock this morning a violent explosion woke the inhabitants of Great Yarmouth. A few minutes later the theater at the end of the pier burst into flames. It was a recently rebuilt at a cost of \$100,000. The usual suffragette literature was found strewn along the pier and on the beach.

Resigns From Cabinet.

Christiania, Norway, April 17.—John Gaustberg, minister of social and industrial affairs in the Norwegian cabinet, headed by Premier Knudsen, resigned his portfolio yesterday owing to a disagreement with his colleagues on social questions.

Lady Strathcona Contributes

London, April 17.—Lady Strathcona has contributed \$2,000 to the Newfoundland sealing disaster fund which now totals \$7,000.

A WONDERFUL DISCOVERY

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poisoning! Not one species of microbe has been found that Zam-Buk does not kill! Then again, as soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again, as soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day Mr. Marsh, of 101 Delorimier Ave., Montreal, called upon the Zam-Buk Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few months the skin was clear—over three years after his cure of a disease he had for twenty-five years. He still wears gloves, but has no trace of any return of the eczema.

All druggists sell Zam-Buk at 50c. box, or we will accept a trial box if you send this advertisement and a 1c. stamp (to pay return postage). Address Zam-Buk Co., Toronto.

BUSTER BROWN STOCKINGS

The Darnless Stocking for Boys

Mothers get out of practice in darning when their boys wear Buster Brown Stockings. The Buster Brown is the ideal stocking for boys, well shaped and splendid looking. They are made of the strongest long fibre cotton, specially twisted and tested for durability, with double leg and three-ply heel and toe to resist the hard wear every healthy boy gives his stockings.

Buy Buster Brown Stockings for Boisterous Boys

EDMONTON TEAM TO ARRIVE HOME FRIDAY, MAY 1ST

"Lefty" Heinrichs Will Not Be With Team This Year.

"Lefty" Heinrichs will not be a member of the Edmonton baseball team this year. Such is the latest report from Everett. "Lefty" is required to remain on the fruit ranch at Orange, California, and see that everything goes all right. It will now be up to Deacon White and Lou Nordyke to cast their eyes around in the hopes of picking up a good southpaw, and they're not easy to find.

The team will arrive in Edmonton on Friday, May 1, and perhaps play an exhibition game with some local amateur team at Diamond Park on the following day, Saturday. This will give the fans a grand opportunity of seeing just what sort of an aggregation the big mugs have gathered together for our approval and, incidentally, to see what has been accomplished in their training trip.

Foot ball at third base is making good with a vengeance, and is pounding the pill all over the lot. He will likely play the difficult corner all season. Harry Redmond's career has been on the blink, and he is having it examined and treated by a specialist in Tacoma, and hopes to bring it around O.K. Deacon White has shown great form and speed in his training, and looks like the goods this season.

Pavey and Porter have cinched their positions in center and right field, and have shown their ability to save as well as the willow to advantage.

Fitcher Killen has made a good impression with the team by his speed on his feet, knock of holding runners on the bases, and throws a good variety of ball. Spaulding, another pitcher, is also making good on the mound. Stallop is the biggest pitcher on the team, standing a foot 2 inches, and is very fast. He is a fairly good hitter and can play the outfield in good style. He throws left handed. Russell, another southpaw, is almost as big as Stallop and is making good.

Deacon White is well satisfied with the bunch he has gathered, and when the positions at shortstop and left field are filled he will be ready to face anything in the league.

Barbarian Rugby Club.
The Barbarians will hold a match on Saturday at Diamond Park at two o'clock sharp, between sides selected by the Captain and vice-captain. Players are reminded to be on the ground punctually to time.

Senior Lacrosse Practice.
The Metropolitan Athletic association will hold a lacrosse practice at the south side athletic grounds on Monday, Wednesday and Friday evenings, commencing next week.

All For \$1.00

"V" Exhibition Practice

All boys and young men who are taking part in the Y.M.C.A. athletic exhibition on April 25th, are requested to attend a practice in the Y.M.C.A. gymnasium tonight at 8 p.m. It is imperative that all should be present.

WALTER MILLER RETAINS TITLE

Geo. Walker Won First Fall in Over Hour—Miller Next in 30 Seconds.

Fort William, Ont., April 17.—After one hour and 17 and a half minutes of bruising work, Walter Miller, of St. Paul, welterweight champion wrestler of the world, sustained his title by winning a decision over George Walker, welter weight champion of Canada. Walker obtained the first fall in one hour and 17 minutes and seemed to have the best of the argument. Thirty seconds after the bell, Miller picked Walker up bodily and dropped him to the mat on his head and easily won the second fall. Walker's neck was badly strained and he was not allowed to again enter the ring.

Our National Game

Quebec has been angling for a franchise for the past month, and with O.T. and the challenger, Harlem Tommy Murphy, who will battle for the light weight title tonight are in perfect condition. Intense interest is manifested in the bout. Ritchie is a heavy favorite.

Frank Doyle, the O.A.L.A. secretary, visited Toronto last night, and as a result the Light-Box City is liable to have a school league besides a cut, in of teams playing in the O.A.L.A. Peterborough was a great lacrosse team about five years ago, and should make good.

The Big Four may become the Big Six the coming lacrosse season if the plans now under way work out to a successful consummation. The Quebec club have made application for admission, but at the meeting last week the Pro people talked the proposition for future consideration.

The Toronto Marlboros expect to have eight lacrosse teams playing in the different series this year. Secretary Doyle need not waste his time booming the game in the north end of the city, as the first thing the boys learn is how to handle a lacrosse stick.

Hanover, Ont., has organized an athletic association which will devote the summer months to booming the lacrosse game. Already a school league has been organized with eight clubs.

"News" Lashold, Montreal, will likely play with the Nationals this season. After the Nationals secured Lashold last fall they won six games in a row. "News" will probably remain the French management of this before he signs a contract.

Ottawa, with a man like Murten at the head of affairs and a good team would be a decided acquisition to any league. Murten was a prime favorite here two years ago, and is still a great home player.

CHAMPION RITCHIE MEETS MURPHY TONIGHT.

RITCHIE MEETS MURPHY TONIGHT IN 'FRISCO TOWN

San Francisco, April 17.—Reports from the training camp of Willie Ritchie, champion lightweight of the world, and the challenger, Harlem Tommy Murphy, who will battle for the light weight title tonight are in perfect condition. Intense interest is manifested in the bout. Ritchie is a heavy favorite.

"Knockouts"

Owen Moran, the British champion, is reported dying of consumption. Moran was one of the best of them a couple of years ago.

George Chip got his. Kind of reversing the act when Chip got his black knocked off.

One particular punch which found great favor among the modern school of boxers is now famous. We refer to the kidney punch. We are pleased to note this, as the blow was not peculiar and tended to increase the interest, which never improves a boxing bout—from the spectator's point of view.

T. Roosevelt has been crowded off the sport pages for some time, but he came across with a story the other day about finding Tex Rickard, who staged the Jeffries-Johnson battle in Paraguay. That is a remarkable achievement, as everybody who wanted to know was fully aware where Tex, was.

Frank Moran of Pittsburgh, in a column interview on his fight in Paris, with Jack Johnson, June 27, tells how he is going to feel the big black out, and wind him in the first six rounds, weaken him in the next three or four, and then put him out with a smash to the body or jaw. What will Jack be doing all this time? Moran must have arranged to have the black's hands tied behind his back.

They are talking of forming a society eligible to those who have licked McK. It will have a large membership, although C. Mack and F. Baker will not come in on that.

Arthur Pelkey, the former Chatham near white, hope is going to show things in Australia. He has been in somebody at that. Gunboat Smith is not in that country.

SPORTS GATHERED FROM EAST AND WEST

We can imagine the scene if the secretary of the Scotch club found the gate at a shilling short on that 130,000 admission.

Winnipeg is to have a new athletic organization, known as the Winnipeg Athletic club, which will erect a building at a cost of about \$75,000. If the plans of ex-Mayor R. D. Waugh and several other prominent Winnipeg sportsmen materialize.

It is now practically certain that an international football tournament will be held at the Panama Pacific exposition in 1915, England and Australia having signified their intention to participate.

The United States will have nine entrants in the English amateur golf championship. Travers, Herreshoff, Goumet, and Lockwood, who have been in the land. H. J. Topping is on his way, and Parker Whittemore, Harold Weber, Fraser Hile, and Chick Evans will probably start soon. W. Heinrich Schmidt, who made such a great showing last year, is now in California, and definite word has been received from him that he will not be able to compete this year.

Whoever offered Sam Lichtenhein \$30,000 for the Wanderser hockey franchise offered about \$29,999 in excess of its value. However, the whole story sounds like a myth.

Francis Oulmet, the quiet swimming young golfer from Brookline, Mass., who, so far, has given himself into the limelight, when he won the championship of America last season, is now in the country. In his first few games he has given a sample of his exceptional ability. In addition, his pleasing personality has made him a great favorite with the people.

Baseball is underway all over the country, and there is a marked increase in the number of absentees from business houses between the hours of 2 and 5. There has also been a great increase in the number of grandmothers and other relatives who have suddenly expired, requiring a half holiday by office boys to attend the funeral of their relatives.

Ever since it was decided to hold Canadian games in Calgary this year, Calgary athletes have evinced the greatest interest. Not only will several players be augmented but several events have been added to and it is safe to say that the great Scottish gathering will attract competitors from all parts of western Canada.

C.P.T. has already announced that it will grant specially reduced fares to all spectators coming from points on its western division and as the games proved such a success last year 20,000 fans are bound to show a substantial increase.

JOHN JOHNSON'S TEAM STILL LEAD ALASKA DOG RACE

Nome, Alaska, April 17.—In the 412 mile all Alaska sweepstakes race, John Johnson's team of 14 Siberian wolves passed through Timber, 64 miles from the finish at 7:30 o'clock this morning. A Scotty Allan arrived at the Beaton house at 6:30 and Fred Ayer reached there at 6:38. Both stopped to rest.

The race carrying with it a \$3,000 purse, a trophy cup and the world's most winter championship, is now at its most winning Johnson's camp.

The weather has improved greatly. Some last night the lowest temperature was zero.

BOYS' LACROSSE LEAGUES WILL BE ORGANIZED; ENTHUSIASTIC MEETING; MAYOR McNAMARA DONATES HUNDRED STICKS AND SILVER CUP

"We might just as well stop singing our National Anthem as quit playing our National Game." Joe Driscoll at the lacrosse meeting yesterday.

LACROSSE WILL BOOM

A meeting was held in the council chamber yesterday afternoon for the purpose of organizing lacrosse teams among the school boys of Edmonton. Joe Lally, the great lacrosse star of Cornell, Ont., was the chief speaker of the afternoon, and it was because of his visit to the city that the meeting was held.

Mr. Lally is on a tour of the west and is encouraging amateur lacrosse among the boys, and his mission bids fair to succeed in Edmonton. In fact, judging from the great interest and support shown at the meeting yesterday, lacrosse is bound to boom in this city.

Canada's national game is due for a big boom not only in Edmonton but throughout Alberta and the whole of Canada. The national game is again coming in to its own.

WELCOMED MR. LALLY.
Alderman Joseph Driscoll in a neat speech welcomed Mr. Lally, and voiced his expression of hope that the lacrosse game would again become popular among the boys and appreciated the fact that Mr. Lally in the work he has undertaken.

MR. LALLY'S ADDRESS.
"For the boy who takes up lacrosse, he will find that it helps his education. Lacrosse teaches a boy to think logically, to act quickly, to be resourceful and to control his temper. These things are very important in our modern life, and they must be learned while young."

Mr. Lally's mission of his tour through the west is to get the national game going among the boys, with an idea of the future of the game in the west. He is to compete for the Mann Cup, and it is the boys of today who are the men of tomorrow, and they are the ones to learn the game, but it is necessary for each player to have a C.A.A.U. card before competing for the Mann Cup.

WILL GET STICKS AT LOW COST.
Mr. Lally then exhibited some sticks made by his factory which he said he was relating to the boys at practically cost price, namely 50c and \$1.00.

Mr. Lally then exhibited some sticks made by his factory which he said he was relating to the boys at practically cost price, namely 50c and \$1.00. He said that he had organized 50 teams in the United States and that he had advised the boys to take up the game, and that he had received letters from Mr. Lally stating that he had organized 500 gold medals to be given to the boys of the various towns and cities for presentation to the winning teams in the lacrosse leagues. He believed that the same age and weight should be chosen on the same team. He said he was strictly against professional lacrosse and favored the playing of the game for the pure love of it.

FAVORS AMATEUR GAME.
"Lacrosse cannot be commercialized," said Mr. Lally. "Do not take lacrosse up for the professional end of it, there is nothing in it. I have seen many examples not to know what I'm talking about. There are men today who were once lacrosse players and are now carrying water pails for some of the hotels or hanging around the hotels. Where one succeeds a hundred fail."

LACK OF PLAYING FIELDS.
Geo. R. Jackson, superintendent of the grounds feared the only difficulty that would be experienced, would be the lack of sufficient playing fields for the games, but stated that the school athletic committees would help the game as much as possible. He stated that many boys have at present no sport to play at, because they have not the

HE LOVES THE GAME.

Mr. Lally stated that his trip this year would cost him \$3,000, but stated frankly that he was not doing it all together as an act of benevolence, and did not wish to pose as such, and stated that his main object was to build a future for his own business, but also said he loved the game and was trying to do all in his power to help it while helping himself.

He advised the appointing of a committee to meet the boys, and suggested the appointing of two boys from each school, to assist in the control of the school boys' league. He said that boys liked to look after their own affairs, and that they would like to have the say of how they're going to conduct the game and lacrosse is the best way to do it.

Mr. Lally stated that he had traveled in many countries of the world, and it had been strongly impressed upon him that the countries where no sport was indulged in were where no sport was indulged in, and with their help we can make a great success of it here."

MAYOR MAKES CONTRIBUTION

Mayor McNamara was then asked to speak, and said that he could never understand why lacrosse had died out in Canada. "Lacrosse is the best game for the building up of the body," said the mayor, "it is better than baseball or any other game we have in our national summer game and this is the one." The mayor stated that he had traveled in many countries of the world, and it had been strongly impressed upon him that the countries where no sport was indulged in were where no sport was indulged in, and with their help we can make a great success of it here."

Mr. McNamara then stated that he wished to have the privilege of helping the game along in Edmonton and said he would give one hundred sticks and fifty to the intermediates, to start the ball rolling among the boys, and as an extra inducement would donate a \$60 cup for competition. He said he hoped the league would be successful and wanted to see it go.

J. W. Ward, secretary of the Y.M.C.A., then spoke a few words saying that the A.A.U. were in favor of issuing cards to the boys as requested by Mr. Lally, and believed lacrosse would become just as popular as hockey once it was started.

LACK OF PLAYING FIELDS.
Geo. R. Jackson, superintendent of the grounds feared the only difficulty that would be experienced, would be the lack of sufficient playing fields for the games, but stated that the school athletic committees would help the game as much as possible. He stated that many boys have at present no sport to play at, because they have not the

ability to play good baseball and said there was need for another game among the boys as that more of them might be in sport.

Wm. A. Tait, secretary of the Y.M.C.A., believed that the lacrosse league should be confined to school leagues and not as a city league, but Mr. Lally afterwards stated that a city league also might be organized.

WORLD CHAMPION TALKS.

Wm. Hanley, one of the best known old-time lacrosse players of the east gave a splendid address on the national game. Mr. Hanley speaks with a thorough knowledge of the game, as he was a member of the world touring lacrosse team from Orillia, Ont., a number of years ago. He believed lacrosse should be encouraged as much in our own country as other countries wish to have Canadians boost it for them.

He said that pro game did harm to both player and game. "Lacrosse possesses all the qualities necessary to develop all of a man, both moral and physical," said Mr. Hanley, and believed that there would be sufficient subscribers from men of the city to give sticks free to the boys, and himself was anxious to be one of the subscribers. He said that the game would prevent vice and do much toward the development of character.

NOT GIVE STICKS FREE.

Mr. Lally thought it would be a mistake to give the boys sticks free of charge, as it was known that when a boy pays for a thing he prizes it more and takes better care of it and it was decided that 25c and 50c be charged the boys.

Mr. Tait suggested the giving of bronze medals to junior teams and silver medals to intermediate teams, and Alderman Joe Driscoll came forth with an offer to donate a set of gold medals for competition. Mr. Driscoll was very enthusiastic over the prospects of getting the game started here and believed it being our national game it should by all means be placed first on the list. In words of his own he expressed views thus: "We might just as well stop singing our national anthem as quit playing our national game."

COMMITTEE IS APPOINTED.

A committee of nine men were appointed to arrange the details of organizing the leagues. C. R. Jackson will present the matter to the public school board and Pat Dunn to the separate school board and make a report to the committee, after which another meeting will be held on Monday, April 20th, at 8 p.m. in the Y.M.C.A. hearty vote of thanks was expressed by the committee for his deep interest in the welfare of lacrosse. The following men are on the committee to see after the forming of the school boys' leagues: Joe Driscoll, G. R. Jackson, W. A. Tait, Wm. Hanley, Pat Dunn, J. W. Ward, Geo. Scott, Sam Humeson, Wm. Bailey.

MRS. MURPHY MAKES PLEA FOR TUBERCULOSIS SANATORIUM

(Continued.)

of control may consult with him as to the best methods of building and equipping our sanatorium. It is greatly to be desired that the press, the medical doctors, and all people who are alive to the menace of this disease will see to it that Dr. Porter is given the warmest and a large hearing in each place he visits.

For a Sanatorium.
It is the intention of our association to request the legislature of the province of Alberta to erect and maintain a sanatorium on the 200 acres to be donated by the dominion government. In this purpose we feel we will have the unqualified support of all right-thinking ratepayers throughout Alberta, whatever their political stripe. In order that there may be no question about this matter, will the medical associations, women's clubs, and citizens generally see that their representatives brought to bear upon the member for their constituency so that when he comes to the next session of the house he may know exactly how the voters stand. This should be attended to without delay, and surely all ratepayers in our provincial and federal politics who are making the mistake of concentrating our attentions upon the morals and pretensions of candidates instead of judging government by what government does. Gains of men and progress of law are useful only when converted into deeds that make men free in the enjoyment of health and earning power.

Subject to the approval of Dr. Porter and of the hospital architects, it is our opinion that an administrative building should be erected with one unit which should have a capacity for at least one hundred beds, and the plans of the hospital should be of such a nature that other units or cottages may be attached as required. All patients who are able to pay should do so, and the government, instead of paying a per capita grant per diem, should pay whatever deficit remains only. Although the citizens of Edmonton have invested in their municipal hospital a sum approximately a million dollars, as yet the ratepayers of the province of Alberta have contributed nothing for the care of their tubercular patients, or for the stamping out of this disease. In this respect, we do not hesitate to say that further action is needed to spread of tuberculosis is to become almost criminally negligent in the administration of our sanitary affairs and in the care of our own best loved economic interests.

Matter of Principle.
People who are a menace to the community because of brain disease are sent to lunatic and paid for by the province if they cannot afford to pay for themselves. People who are a menace by reason of small-pox, diphtheria, or other infectious diseases are properly cared for and isolated by the authorities. This same principle should be applied to the treatment and cure for tuberculosis, the hideous, ever-present vampire which has costed the vitality of our race. Because of the grip it has acquired this is a problem beyond the capacity of private purses to solve and must inevitably be faced by the different provinces and by the dominion as a whole. It is no mere puzzle in pathology to be dealt with by specialists in hygiene or medical health officers but is a matter of the gravest national importance and one which, if neglected, becomes in the widest sense a national calamity.

When it was explained to his late majesty King Edward VII, that tuberculosis was a preventable disease, his majesty remarked, "If preventable, why not prevent it?" The question still clamors for an answer. Many valuable lives are lost to the province between the ages of 20 and 35, as the disease is most commonly found among those in the third decade of life. In the year 1912, in Alberta, 241 people died of pulmonary tuberculosis, and the loss by deaths to Edmonton alone without considering any other part of the province represents in one year a sum sufficient to establish a well-equipped provincial sanatorium.

The conservation of the lives of the people of the province must without question, take precedence over all other subjects or works.
It is estimated that each emigrant coming to Canada has a monetary value to the country of five thousand dollars. If then, we allow this man's earning capacity to become impaired, or allow him to lose his life through our neglect, we are surely wasting our human resources in a manner which is in the highest degree culpable.

Part of Social Politics.
Our provincial government takes care to prevent noxious weeds and to generally preserve the wealth of the people within its borders, but take little if any thought to preserve the lives of the people. The function of the state is readily apparent when we consider that the wealth of the province is not only subordinated to the health of our province but largely dependent upon it.

The work which was formerly left to philanthropy is coming to be accepted as an integral part of social politics. The state no longer leaves philanthropy to feed and care for the prisoners, nor to care for the insane. It does this itself and the day is rapidly approaching when the care of the sick will be neither an ill-regulated whim nor a society race that exhausts itself in a half. Philanthropy cannot remain a private concern. None of the individuals are entirely independent. The social tissue is so tightly woven for that. Of course, it does not follow that the province must discharge all the work of philanthropy. It may explicitly delegate this work or any part of it to persons or corporations, but the province should be responsible for its being done, and that it is done in the right way. Because the state of benevolence has become wider and shows a stronger tendency to confine itself to the prevention of suffering and to the enhancement of the value of life rather than to the alleviation of it. The substantiation of this we would point out, that less than a century

ago, hospitals were entirely private in character because, in the absence of statistical knowledge, the extent of the disease was unknown and the mind of the nation was not grasped the possibility of a thorough remedy. The beginning of the 19th century all the hospitals were private, at the close of it, two-thirds of them were already maintained and provided by the public authorities and out of the public funds. This change has resulted from a higher conception of duty, or shall we say, self-preservation, on the part of the nation.

So late as 1842, the British nation refused to help a fever hospital. Now the nation is responsible, as we are in Canada, for all notified infectious diseases and for the great bulk of our non-infectious diseases.

Philanthropy is no true function of a healthy society. It has in the past played a prominent role because, as we said before, criminals did not understand that their crime did not discharge their duties.

The provincial or municipal hospital has the advantage that it is a permanent instrument of wealth and is not dependent on whims or chances such as the social standing, popularity, or attractive influence of its leaders. Besides, a hospital supported by voluntary contributions always practises economy by one of the least worthy methods. That is to say, the nurses are overworked to a shameful degree and the patients insufficiently warmed and fed.

In the final analysis the money for hospital maintenance comes from the pockets of the citizens but it is our contention that the present cost of providing for the sick is excessive and is inadequate and that the simplest and most satisfactory method is through direct taxation. Besides, a man or woman who goes to a provincial or municipal hospital, no longer comes under the stigma of pauperism for the conception of public health and the value of life from its economic standpoint have come to the front as the main factors.

In times past, it was the habit of the world to lament that people were bound with the chain of their infirmities. Nowadays, we are being tied and bound together by improved health. Ours is the better way. Besides, this is the highest form of patriotism. To be worthy of Canada is to be efficient, and to be efficient is to be healthy. Patriotism is a cabinet minister or in a street corner, and is largely in being healthy and in using words and influence in helping others to the same blessed and much to be desired condition.

EMILY E. MURPHY,
Edmonton, April 17, 1914.

To Cure a Cold in One Day
Take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. E. W. GALT'S agent here is on each box. 25c.

ARE YOU DROOPY, TIRED, WORN OUT Here is Good Advice to All Who Feel as if Their Vigor and Life Had All Oozed Away.

This Condition Can be Quickly Cured by a Good Cleansing Medicine.

Your experience is probably somewhat similar to that described by Mr. J. T. Fleming in the following letter from his home in Lebanon: "I think I must have the most sluggish sort of a liver. In the morning my mouth is bitter, and that foul, soft feeling that tells you, 'No breakfast needed here this morning.' A cup of coffee would sort of brace me up, but in two hours I was disposed to quit work, all energy having oozed out of me. Supper was my only good meal, but I guess I didn't digest very well for I dreamt to beat the band. A friend of mine put me wise to Dr. Hamilton's Pills. I think they must have taken hold of my liver, perhaps my stomach, too, because the very start they made things go right. Look at me now—not sleepy in the daytime, but bounding for the office in the morning and getting full out of life every minute. That's what Dr. Hamilton's Pills have done for me—they have built and rejuvenated my entire system."

To keep free from headaches, to feel young and bright, to enjoy your meals, to sleep sound and look your best, nothing can help like Dr. Hamilton's Pills, 25c. per box, five for \$1.00 at all druggists and storekeepers or postpaid from The Cataractores Co., Buffalo, N. Y., and Kingston, Canada.

License Commission Meetings.
The annual meetings of the license commissioners to hear Edmonton and district applications will be held at the court house on May 8. In the morning the city applications will be heard and the district applications in the afternoon.

Other meetings will be held as follows: Vegreville, May 4; Wetaskiwin, May 5; Red Deer, May 7; Calgary, May 8; Banff, May 11; Medicine Hat, May 12; Lethbridge, May 13; Macleod, May 14; Frank, May 15.

Thrown from Horse.
While riding along the avenue this morning, William Healey was badly hurt when his horse stumbled and fell, throwing him against the curb and rendering him unconscious. The injured man was conveyed to the Royal Alexandra hospital in the police ambulance and placed under the care of Dr. J. D. Harrison. Heady is suffering from a slight concussion of the brain and also a nasty cut over the eye.

Card of Thanks.
Mr. and Mrs. J. P. Philip desire to take this means of conveying to the many kind friends and acquaintances their sincere thanks and appreciation for the expressions of sympathy and kindness shown during their recent bereavement in the loss of their little son.

REGIMENTAL BAND SUNDAY CONCERT LYCEUM THEATER

The public are cordially invited to hear the Regimental band in their regular Sunday concert in the Lyceum theater. An unusually attractive program has been arranged for the week and as an added attraction C. A. Richardson has been engaged for vocalists. Mr. Richardson is well known by local audiences as a singer and the fact that he has many prizes for singing is evidence of his position in the line. The band will be under the direction of Lieut. Morley and will give a perfect performance of the various numbers.

The program is as follows:
March—Entry of the Gladiators, Julius Paetz.
Overture—Call of Bagdad, Boileau.
Serenade—Amina, Paul Lincke.
Valse—Selected, C. A. Richardson.
Selection—Ermine, M. C. Meyrelles.
Valse—Barcarole, C. J. Roberts.
March—Observer, Geo. Barnard.
Handel Selection—Bohemian Girl, Lohani.
Vocal Solo—Selected, C. A. Richardson.
March—The Fusilier, J. C. Heed.
God Save the King.

Union Men Register Kick

A deputization consisting of Messrs. Farmilo and Gilchrist, representing the Stonemasons' union, waited on Hon. Chas. Stewart, minister of public works yesterday with regard to the building operations now going on at the university on the south side. They requested that the ornamental stone work to be used in the building should be cut on the job instead of being imported from outside, in order to find work for local masons. The minister of public works informed the deputations that the matter was entirely in the hands of the university board of governors.

Prairie Fires at the Fort.

A prairie fire to the south of Fort Saskatchewan yesterday crossed a fire guard on Major Newcomb's farm, destroying a stable, granary and the grain contents, the total damage amounting to more than \$1,500. The warm weather of the past few weeks has dried out the grass so that it burns fiercely and several dangerous fires have been burning in the neighborhood of the fort recently.

To Stay With Old Union.

Monongahela, Penna., April 17.—"In-surgents" union miners in convention here yesterday reconsidered their vote of Wednesday to retire from the United Mine Workers of America and organize the Industrial Mine Workers' union. They decided to stay with the old organization until after the war scale for the coming two years has been fixed.

Plague Under Control.

Yavapai, April 17.—The bubonic plague is believed to be under control. No new cases developed during the past 48 hours. Several government departments were closed yesterday, so that the buildings might be fumigated.

Last Spike is Driven on Grand Trunk Pacific

SMITHERS

—Grand Trunk Pacific town
—Freight and Passenger Division Point
—Dominating Centre of Bulkley Valley

Looks Better than Ever

We offer lots in the path of greatest development

At \$52.50 Each

\$12.50 down; balance \$5.00 a month

They have been making history in Northern British Columbia this week. The last spike has been driven. The world's greatest transcontinental highway has been practically completed—a new main artery of traffic along which will flow the wealth of Western Canada.

This will mark the dawning of an era of unprecedented development for Northern British Columbia. But whatever it means in the development of the province, it will mean much more for Smithers, the Grand Trunk Pacific freight and passenger division point and commercial and distributing centre of a vast territory marvellously rich in natural resources.

Smithers' growth has been rapid, but from now on the new city will advance at a rate never before equaled. The lots are offered at Smithers Annex are directly in the path of the city's greatest growth. By the close of the present year Smithers should have a population of at least 5,000, and these lots will be required for business and residential purposes.

The time to make money in real estate is at the beginning of things. Get in at Smithers now on the eve of the greatest development the world has ever seen. Secure one or more of these lots at \$52.50 and profit by this opportunity. There is only a limited number of lots at this price. To avoid disappointment fill out the coupon on the left and mail it to us today—tomorrow may be too late.

SALES AGENTS

LOREMAN-TRABUE REALTY CO.

637 First Street, Edmonton, Alta.

Please send me your booklet about Smithers, also full particulars about your offer of lots at Smithers for \$52.50 each. This does not obligate me in any way.

Map Showing Principal Cities on Proposed Airship Race Route Around World.

The most tremendous aerial drama will be staged in 1915 when the signal is given for the 22,000-mile Panama-Pacific International Aviation race around the world for prizes of \$300,000 or more. Aeroplanes from all civilized nations, of every description of air craft driven by motors will participate. The event will comprise with the crossing of the Atlantic by Columbus and the circumnavigation of the globe by Magellan in 1522. Aerial races, the man, chief of the Panama-Pacific

position bureau of aeronautics, will start soon upon a trip around the world, traversing the entire route, to establish control points and confer with commissioners that will be appointed by the various nations. The function of this commission will be clearly separate from the aeronautical supervision of the race, which will be under the jurisdiction of the Federation Aeronautique Internationale. According to the present plan the race will be composed of five men, whose selection will be placed in the hands of the President of the United States, the King of England, the President of France, the Emperor of Germany, the Czar of the Mikado and the Premier of British Columbia. The start of the race will be in May, 1915, from the aviation field of the Panama-Pacific International Exposition. Patrols of scout planes will be stationed to mark the trail over the oceans and lend assistance, if needed. Each machine will carry at least two men and will check in at each control day.

where it will be stamped. Repairs and rebuilding will be permissible. Aviators are confident that by May, 1915, such progress will have been made that success will be assured. The race will be held either across the Atlantic will have been crossed successfully that the competitors will be given the victory by mid-Atlantic or by way of Greenland. Circumnavigation of the globe 23,000 miles will be the supreme adventure of our

Earthquake at Martineque.
Port de France, Martinique, April 17.—An earthquake occurred here at half past seven o'clock this morning. There was no serious damage.

Military Dance Tuesday.
The Quadrille Club A. Squadron 19th Alberta Dragoons will be held on Tuesday evening in the Separate school hall 107rd street, at 8.30.

McKee Rankin is Dead.
San Francisco, Calif., April 17.—McKee Rankin, the veteran actor, who was identified with Nance O'Neill for years for Shakespearean productions died here today.

Majestic to be Broken Up.
Liverpool, Eng., April 17.—The White Star line, in view of the approaching advent of the 50,000 ton Britannic into the service today, has decided that the Majestic will be broken up. The price paid for the old liner was \$125,000.

Supernum is Lifted.
The suspension of the Grand View hotel license has been lifted.

M. R. Jennings' Father Ill.
Mr. M. Jennings was called to Buffalo yesterday afternoon on account of the serious illness of his father.

Held Home Cooking Sale.
Western Rose Loza will hold a home cooking sale at the Household Wizard, 447 Namoy Avenue.

The Canadian Northern steamship Royal George lands her passengers at Briart this morning.

News of the Markets

Winnipeg Grain.

Winnipeg, April 17.—Liverpool cables were a decided surprise on the wheat market yesterday morning being lower than the rest of 1-4 to 5-8 despite the fact that Winnipeg and American markets were higher at close on Wednesday.

The eastward on other side attributed to favorable conditions in Russia, heavy shipments generally and less been demanded. The downward trend of values was checked to some extent by fears of damage in the winter wheat states by windstorms, which have and less than any. No actual damage has resulted but the crop is losing color rapidly, which is credited to the insects and need of moisture.

Conditions in the spring wheat areas of the states have been ideal for seeding while a propitious beginning has been made in the Canadian provinces.

Minneapolis opened 1-4 to 5-8 lower and closed 1-4 to 5-8 lower. Chicago 1-4 to 5-8 lower and closed 1-4 to 5-8 lower.

There was absolutely nothing doing in cash lines but it is expected that a general reaction to the west. Export inquiry was inactive.

Cash wheat closed 3-4 lower for contract grades.

Cash oats closed 1-8 lower for all grades.

Cash barley closed unchanged.

Inspection Wednesday totalled 552 against 437 last year.

Winnipeg Lard Stocks.

Winnipeg, April 17.—Lard stocks, Com. Lard 100 110.

Winnipeg Cattle.

Toronto, April 17.—Receipts at Union yards yesterday 431 cattle, 45 calves, 1,161 hogs and 21 sheep and lambs.

With a very light run the market cleared up today with prices about steady. Good used light butcher cattle are still firm and in demand.

The heavier steers and cows there is not much demand and common stuff was quite drab.

Horned cattle 32 per head. Good to choice stockers are in demand at 700 to 750.

Extra choice about 900 pounds at 750.

Steady and unchanged at 210 fed and watered. Good milk cows firm.

Each other cattle good 725 to 825. Medium 740 to 760; butcher cows good 675 to 700; medium cows 650 to 675; common cows 600 to 625.

Choice 725 to 750; good 650 to 675; medium 600 to 625; common 550 to 575; canners and cullers 250 to 300; milkers choice 725 to 750; common and medium each 35 to 45; springers 30 to 35.

Light cows 625 to 650; heavy 675 to 700; hogs fed and watered 950. Feas. 825 to 875; calves 925 to 975.

Lambs 250 to 275; spring lambs each 50 to 825; calves 900 to 1000.

Toronto Cattle.

Toronto, April 17.—While the trading was slow and prices were low, the market of a bear market there is an elaborate operation for operations for the day.

Despite the liquidation which developed in such stocks as iron common, values showed very little change from the day before.

The local strength of iron common was coupled with renewed rumors of reorganization and local difficulties, which, however, because of their extreme improbability, received little credence.

The stock held at 14 1-2 on trading in some shares. The weakness of Nova Scotia steel in Montreal did not affect the situation here, as there has been practically no market for the stock for several weeks past.

Steel company of Canada sold at 16 and the pld. at 17.

Montreal Produce.

Montreal, April 17.—In the butter prices were weak and prices have declined a further half cent per pound, with only a small demand. Cheese is quiet. The demand for eggs is good.

Choice, finest western, 14 1-2 to 14 3-4; eastern, 13 1-2 to 14 1-4.

Butter, choice creamery, 24 1-2 to 27; seconds, 21 to 22 1-2.

Eggs, fresh, 31 to 32.

Pork, heavy Canada short meat, 35 to 45; extra, 35 to 40; short cut back, 35 to 40.

Montreal Cattle.

Montreal, April 17.—Price movements in the local market were again controlled by Wall Street yesterday. A market price firm opening was followed when Wall Street turned weak by a general advance which carried leading issues up to close of good prices.

Nonon prices for the most part were at the low of the day. The rally in New York contributed to a better feeling in the afternoon, and prices rose slowly. The close was quiet. In some cases the recovery was only partial. In others prices finished at or near the low of the day.

There was little on which to generalize as a result of the day's trading.

Other than it was a market where the downturn for the most part was heavy, and while there were no signs of acute weakness except in a few few lines, temporarily the market shows no recuperative power.

C.R.P. Power, Richelieu, and Brillon were among the more active stocks of the day. Of these the only one to finish with a net gain was C.R.P., which improved fairly steadily through the day and finished at its highest 200 1-8, with a net gain 5-8.

Toronto Stock Sales.

Toronto, April 17.—The following are yesterday's stock sales: Canadian 288 shares 80 to 80 3-8. Steel corporation 415 to 25 1-2. Niagara 285 at 650 to 660. Steel of Canada, 85 to 15 1-8 to 16. Imperial 42 to 212.

Shredded wheat 50 to 82. Illinois pld. 50 at 53 3-4. Canners 45 to 54 to 53 3-4. Unlisted.

Peterson 1700 at 58 to 56 3-4. Coker 1700 at 41.

ENGLISH DUKE GET NASTY KNOCK

In Spite of Prodigal Use of King's Name, People Deride Appeal for Aid.

ATHLETES UP IN AIR NOW Do Olympic Games Prove Anything Except Individual Superiority.

London, April 17.—The Duke of Westminster, the Duke of Somerset and the other nobles who have tried to persuade the British public to hand out \$500,000 for British athletes carry off all the prizes at the Olympic games in Berlin in 1916 have rated a perfect horne's nest about their aristocratic and blue-blooded careers.

In vain the Duke of Somerset has written: "King George has graciously agreed to open to the public the British Olympic Council his interest in the preparations for the Olympic games at Berlin in 1916, and his hope that every effort will be made to insure that the United Kingdom is represented by its best athletes on that occasion."

In vain the mothers of England have called upon to open to the public the British Olympic Council his interest in the preparations for the Olympic games at Berlin in 1916, and his hope that every effort will be made to insure that the United Kingdom is represented by its best athletes on that occasion."

GERMANS WARNED OF FOREIGN GOODS
Berlin, April 17.—A warning against the German craze for foreign-made articles or German articles masquerading in foreign guise is uttered in a *Mena* magazine.

The writer says that while boys' sailor caps bearing the name of English, Dutch or even Swedish warships are to be had in quantities, it required a long search to find a sailor cap with the name ribbon of a German ship.

Raise made in Germany are stamped with an English maker's name in London and reshipped to Germany to be sold as genuine English hats at 25 cents more than those which have not crossed the North Sea.

United States last year bought \$4,949,000 worth of lace from abroad.

Band of England Students.
London, April 17.—Weekly statement of the Bank of England: Reserve increase £267,000; circulation decreased £47,000; bullion increased £230,534; other securities decreased £247,000; notes reserves increased £2,616,000; government securities unchanged. Proportion of the bank's reserve to liabilities 41.9 per cent.

Cost of Her Clothes.
A fetching chorus girl promenading Broadway one afternoon recently, passed Dallas Anderson who, with a friend, was taking a sun bath. "That girl spends every cent she earns on 'clothes,'" the friend observes. Mr. Anderson gave her a careful scrutiny. "It is evident that she does not earn very much," was the laconic reply.

FREE TO ALL SUBSCRIBERS.
A special offer to all subscribers of the *Edmonton Daily Capital* is made. For the first time in the history of the paper, a special issue will be published for the purpose of giving to all subscribers a complete and up-to-date directory of the city and its surroundings. This special issue will be published free of charge to all subscribers of the paper.

To Appear in Dances
Martha Messenger, who plays Light in "The Bluebird," is to appear in classic dances matinees in New York at the close of her present season. Mary Rehan, another clever dancer, is to be her associate. Miss Rehan now plays Jo in "Little Women."

Take This Trip Almost Free

There are no expensive preparations; no time lost; use only your leisure hours; sit in your easy chair and read

Panama and the Canal in Picture and Prose

This book first takes you in through the front door of Panama—through the islands along the way, describing the natives in picture and prose; thence you are taken to the isthmus and are shown the wonders of that unknown country—the people, their strange costumes, their religions and politics, their peculiar characteristics; how they live—how certain natives eat lizards and hugely enjoy them—how they fish and hunt; their sports and pastimes; marketing bananas, shooting alligators, burning charcoal; ALL there is to know, all about these queer people, and more than has ever been told of the great waterways—from the whys and wherefores of its inception to the ins and outs of its construction—and on through to its completion—in all a beautiful human interest story that will charm the reader to the very last page.

Bank Clearings.
Toronto, April 17.—The Canadian bank clearings for the week ending April 16, four days only, as compared with the corresponding period of 1913 are:

The Large Volume
Is printed from new type, large and clear, splendidly bound, with inlaid panel showing the famous Cut in natural colors, and filled with magnificent illustrations, many of which are from water color studies in artistic colorings.

The Small Volume
contains practically the same reading matter; is bound in blue vellum cloth; but contains only 100 photographic reproductions, and the color plates are omitted. Willis J. Abbot, America's most versatile writer, is the author of both books.

IT IS A RARE TREAT FOR EVERYBODY

"ROUND-UP" SHOE SALE

Worth-While Savings on Dependable Footwear for Men,
Women and Children

PUBLIC
CONFIDENCE

We've LASSED Public Confidence---Thus
Assuring the Success of this Big "ROUND-UP" SALE of FOOTWEAR

THE success of this annual Footwear Economy Event is due to the unbounded confidence the public has in our printed statements. The throngs of people who crowded the shoe department, Thursday the first day of the sale, found the values offered all we claimed for them and more—everybody was happy and satisfied.

This is a sale that proves people will buy enthusiastically—that they will anticipate their needs, providing there's confidence in the store—the price is an incentive and merchandise dependable and desirable.

Lovely \$2.50 to \$3.25 Imported Lace Curtains Saturday at \$1.95 Pair

TWO HUNDRED pairs only, of these lovely imported Curtains are to be sold Saturday at this price. And were it not for the fact that this section is up against big sales-records of a year ago we wouldn't think of cutting the price.

They are in the famous Nottingham make, woven with double threads and finished with corded or bouled edges. All over designs or bordered effects. White only. 50 to 56 inches wide and 3 yards long. Regularly \$2.50 to \$3.25 pair. Special Saturday..... **\$1.95**

Just Arrived a Shipment of the Latest Productions in Novelty Silks

THIS splendid new shipment of Novelty Silks and Satins for trimming suits, coats and dresses rounds out to completion our magnificent new Spring stock. Women busy planning new apparel should not fail to come and see them. Their newness and beauty baffle description.

Also suitable for sashes, girdles and millinery purposes. They are in Dresden, Cotelle, Paisley, Plaid and Oriental designs, made from pure silk in lovely colorings. Priced from \$1.50 to \$2.50 per yard.

New York Novelty Dress Cottons at 50c Yard—Regularly 60c and 65c

WOMEN who have been looking at and admiring these beautiful novelty fabrics, since their arrival a few weeks ago, will be pleasantly surprised to find them specially priced at 50c yard for Saturday instead of 60c and 65c yard. There'll be no further procrastination but lively selling while they last at this price.

Selection will include Batines, Irish Mercerized Poplins and Broadened Poplins in a wonderfully varied range of the newest plain shades, broadened self designs and broken plaids and checks. 42 inches wide. Suitable for suits, coats, dresses and blouses. All sizes. Regularly 60c and 65c yard. Special Saturday..... **50c**

A Winsome Grouping of New York's Latest in Women's and Misses' Sport Coats

THIS winsome assemblage of New York styles in Women's and Misses' coats portraying the more recent style tendencies will prove one of the biggest attractions in the women's apparel sections Saturday. Women who for one reason or another have put off buying will pat themselves on the back once they get a glimpse of these stunning new styles. Note the style features and materials as you read through the brief descriptions.
